

# Review : Galaxy Tab A 2017: A Tab with fine display and long lasting battery

Created On : 29-11-2017 Created By : My Mobile

The CUSTOM STREET represents a continuation of the successful CUSTOM series from the audio specialist from Heilbronn, just as was the case with the world's first interactive headphones – the CUSTOM ONE PRO – a great deal of importance is attributed to individuality. The new tablet also comes loaded with Kids Mode, a digital playground that is safe and provides fun-learning experience for children. Kids Mode offers parents and children a library of expertly curated, engaging, educational games, Galaxy Tab A 2017 added a spirit of play to your perfect partner. Samsung introduced Galaxy Tab A 2017 features with a battery 4800mAh bright display that brings a controlled sense of calm. Galaxy Tab A 2017 features a front and back cameras, 4.8 inch bright display that brings a controlled life even when you are outdoors in bright sunshine. Its powerful and long-lasting 5,000 mAh battery enables non-stop multimedia usage for up to 14 hours. Galaxy Tab A 2017 is also equipped with Galaxy Tab A 2017 sports smooth edges and a metal back that accentuates its premium look and flagship feature Bixby Home and enables consumers to find whatever they are looking for, with just a swipe and without having to open a single app. (i) Blue Light Filter that reduces blue light emission and helps in a disruption free sleep; (ii) Smart View that enables users to wirelessly connect their Galaxy Tab A 2017 with televisions and enjoy videos, pictures, or other content on the large screen; (iii) Samsung Flow that automatically tethers Galaxy Tab A 2017 to other Galaxy devices and seamlessly switch between them; (iv) Game Launcher that is the ultimate control center for games.

Galaxy Tab A 2017 is powered by Qualcomm processor (1.4 GHz Quad), 2GB RAM and 16GB internal memory (expandable via microSD up to 256GB), Galaxy Tab A 2017 runs on Android Nougat out of the box and has 8MP (f1.9) with LED flash Rear camera and 5MP (f2.2) front camera.
